

GUTERSVILLE CAVERNS

Guttersville Caverns, an interesting old-world of rock formations and sea fossils, also boasts built-in air conditioning which never goes on the blink.

Nature's unerring thermostat keeps Alabama caves and caverns a cool 58-60 degrees the year-round. This cool air forms the perfect summer setting for the quarter-mile Guttersville Caverns tour.

Guttersville guides direct you by three salt-peter mine pits, ancient fossils, hunks of 100-year-old driftwood, dazzling stalagmites and stalactites, an outlaw hideout and the world-renowned "Whosababies".

The Confederate States mined the caves for salt peter to make gunpowder during the War Between the States. Years later a famous outlaw used the cave as a hideout when he wasn't pilfering residents of the Guttersville area.

Cavern visitors see a fossil find so significant that Smithsonian Institute sent a scientist to study them. He found these well-preserved specimens of ancient sea life to be at least 180 million years old.

Passing through the stately entrance columns of brown and white onyx, you get a preview of the cavern's varied shapes and coloring. Rugged floestone formations are sprinkled with streaks of coral and crystal.

Wondering who's or what's a "whosababy"? They're fascinating sand-rock formations caused by flooding and chemical appearance. They look like people, animals and way-out modernistic sculpture.

The old Indian trail winds near the cave entrance. Hundreds of artifacts found on the cave grounds are displayed in the concession building.

Gullion On

Extended Cruise

Seaman Edward L. Gullion, Jr., USN, son of Mr. and Mrs. Edward Lyle Gullion, Sr., of Hickman Avenue, Elba, Alabama, is a crewmember aboard the ammunition ship USS Sutabach, which is in the Mediterranean on an extended cruise in support of the U. S. Sixth Fleet.

The Sixth Fleet has Mediterranean and therefore has to be completely mobile and self-sustaining. The Fleet replenishes, refuels, and repairs at sea. Sutabach's role in this sea-based system is to provide these operating units with ammunition.

During the cruise Sutabach is scheduled to visit ports in Spain, France, Italy, Turkey and Greece.

Outdoor Skills Continue As Part Of August

Programs For Scouts

Boy Scout troops will follow the theme On, In, and Under Water with an emphasis on water-safety training. A water-safety show will be the highlight event for most troops in August as Boy Scouts take part in water contests and water-safety demonstrations. Weekly troop

meetings during the month will stress the Safe Swim Defense plan of the Boy Scouts of America, swimming instruction, and rescue techniques.

Family Fun is the theme for Cub Scout packs during August with pack leaders encouraging Cub Scouts and their families to take part in family camping trips, picnics, and visits to fairs, zoos, museums, or industrial plants. The monthly pack meeting will emphasize family participation in the contests and games with the climax of the activities to include

a recognition program and a pledge to live up to the Outdoor Code. This code calls for Americans to "be clean in my outdoor manners, be careful with fire, be considerate in the outdoors, and be conservation minded."

High-school age Explorers plan their monthly programs around vocational, social, outdoor, personal fitness, service, and citizenship areas. Program suggestions for August include fitness testing and contests, public speaking practice, and water-safety training - one of

four training sessions to qualify Explorers in the "Ready" emergency preparedness program of the Boy Scouts of America.

Cooper Elected President Of Country Club

The annual membership meeting of the Elba Country Club was held July 21 at 7:00 p.m. in the main dining room of the club at which time three new directors were elected.

Elected to fill the three year terms were: Charles Lindsey, Freddie Rainey, and Al Sewell. Remaining on the board are: Ed Cooper, Ben Brock, James Maddox, Jimmy Hornsby, Jerry Brown, Donny Morrow, Fred Clark, and Lewey Stephens.

Board members who held the expiring terms were: Boyd Murphree, president, Bryan Taylor and Harold Deal.

The Board of Directors met Monday night and elected officers for the coming year. Elected president was Ed Cooper; vice president, Al Sewell, and James Maddox was re-elected secretary. Robert Adams was selected as treasurer.

New President, Ed Cooper, said Tuesday that he would release a list of committee chairmen and committee members as soon as he and the directors had completed the list. A prime project of these officers is to constantly improve all the facilities of the club for the benefit of all the members.

Westside Baptist To Begin Revival Sunday

The Westside Baptist Church of Elba will begin revival services on Sunday, July 31st, and continue daily through August 7th. The revival will begin on "Victory Sunday" which is a day that the church will be working toward high attendance in all services and will be seeking the goal of \$1,200 to be applied on the church debt.

The evangelist for the week will be Reverend Earl Tew, pastor of the Lakeside Baptist Church, of Birmingham. The song leader will be Roger Broadland of the First Baptist Church, of Opp, and a form of the Westside Baptist Church, of Elba.

Morning worship will be Monday through Friday, 7:00 P.M. The evening worship will be at 7:30 P.M., Monday through Saturday. The public is invited to attend each of these special revival services.

Local Jaycees Attend Planning Meet At Troy

The state meeting of local Jaycees presidents from all of South Alabama was held in Troy last Sunday. It was held as a President's Planning Session and thirty-five South Alabama clubs were represented, including Elba.

Attending the session from the Elba Jaycees were Bill Fullone, president, Jerry Brown, Charles Ellis, Jim Rown and Dick Ennis.

The Elba Jaycees will hold their regular meeting tonight (Thursday) at 7:00 and the main topic of discussion will be the adoption of bylaws and the calendar for the coming year, according to Fullone.

An indication of the full calendar the local club has planned for the coming year, according to Fullone, is the fact that the directors are discussing, with several civic minded business leaders, the possibility of renting office space in Elba at a nominal price-an office large enough for the club records and director's meetings.

EXTENSION HOME-MAKER'S COUNCIL MEETING

The Alabama Extension Homemakers' Council meeting will be held in Auburn, July 27, 1966. This is the annual meeting for extension homemakers. There are many leaders attending this meeting from our county. Those attending are: Mrs. Roy Watkins, Mrs. Louie Dismukes, Mrs. Albert Dyess, Mrs. Clifton Boutwell, Mrs. Fred Meacham, Mrs. C. R. McDaniel, Mrs. Mabel Fleming, Mrs. J. N. Daltymple, Mrs. H. G. Averett, Mrs. J. B. Farris, Mrs. Roy Ellis, Mrs. Tom Finlay, Mrs. Dixie Mae Maddox, Mrs. Lyle Burns, Mrs. Harry Jordan, Mrs. Max Patterson, Mrs. Lillie Mae Warren.

An excellent program has been arranged for these delegates, and we will look forward to reporting to all extension homemakers about the meeting.

SHRUB FERTILIZATION

The month of July should be the final application of fertilizer on your shrubs and lawn. Late applications keep them in active growth making them susceptible to cold damage. Many of the plants and shrubs damaged last winter were those that were fertilized late in the season.

FREEZING

It seems as though just about everyone is involved in freezing fruits and vegetables. In order for these fruits and vegetables to be top quality this winter, be sure your home freezer maintains a 0 degree temperature. Temperatures which are above 0 degrees will affect color, flavor and food texture.

To check the temperature of your freezer use any thermometer which has readings below 0. Place the thermometer in what you would consider to be the warmest section of your freezer. This area should be at 0 degrees.

The others assisting in serving were: Mrs. Charles Pearce; Mrs. Mayo Prescott; Mrs. Dot Hamm; Mrs. Sam Rowe; Mrs. Pauline Allen and Mrs. James English.

Sixty-five guests called during the party hours. Mrs. Taylor and her husband will be leaving Elba soon to make their home in Montgomery.

Food scientists have discovered that cooking chicken before dipping it into the batter will make the batter stick. Once meat has browned, it should be taken out of the grease, dipped in batter, then recooked until the coating browns.

IS CANCER A CURABLE DISEASE?

Medical science has learned much in recent years about the causes and treatment of cancer. We now know that a predictable percentage of people will develop cancer each year.

But, we also know that if the diagnosis is early, before cancer has the time to gain a firm foothold, at least half of cancer attacked victims can be saved by present treatments. Until the soon expected cure for all is discovered, we urge you to get frequent health check-ups.

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby, or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound yours?

THE HAPPY HEART

THE CHURCH FOR ALL...
ALL FOR THE CHURCH

The Church is the greatest factor in our life for the building of character and good citizenship. It is a source of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: 1. For his own sake. 2. For his children's sake. 3. For the sake of his community and nation. 4. For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Only from the carefree heart of a child could come such joy. Or could it? Is it necessary to lose childhood's happy laughter? Must we feel depressed and burdened with the yoke of adult cares? Certainly not! The God-given gifts of joy and happiness are possessions we can and must retain throughout all our years. But how can we keep this wonderful spirit? Here is a formula that is very simple: attend the church of your choice regularly. In God's house you will learn to accept life's burdens — and soon they will be ever so much lighter. His Peace will fill your heart. Here, in fellowship with others, you will receive the needed peace and understanding to reclaim and sustain the merry heart.

Deep Sea Fishing Rodeo

Several thousand anglers will ride herd on big fish and a \$17,000 prize bonanza when the Alabama Deep Sea Fishing Rodeo is staged at Dauphin Island near Mobile, August 5-7.

While their families romp on Dauphin's snow-white beaches, fishermen will cast for large king mackerel and sailfish

to the fishing rodeo. Amid the carnival-resort atmosphere of the 15-mile island, families spend the weekend fishing, boating, surfing, eating, basking and roaming the beautiful beaches.

Other popular activities are watching the bathing beauties, exploring Fort Gaines and visiting nearby Bellingrath Gardens. The historic, well-preserved fort defended valiantly in the 1864 Battle of Mobile Bay. Bellingrath is a floral showplace the year round.

All rodeo entrants are eligible for the grand prize. They compete for cash awards and the thrill of breaking into the official 18-year-old record book of the Deep Sea Fishing

Rodeo. The Dauphin Island rodeo headquarters keeps records on catches of the Gulf giants like the king mackerel. They also record the largest blackfish, bonita, blue fish, dolphin, flounder, Spanish mackerel, sheepshead and speckled trout landed.

To get to the fishing rodeo, drive to Mobile and follow either highway 59 or 163 to Cedar Point. Then drive across a modern, spacious bridge to Dauphin Island.

You'll have a fun-filled weekend at Alabama's sun-surf-sand center watching fortunate fishermen getting paid for their favorite pastime.

The term "staple" refers to the length of cotton fiber.

Alabama Joins In Project To Cut Traffic Fatalities

Driver safety education and State Trooper vigilance are two significant ways to cut traffic fatalities. A third and vital way is to build safer roads and improve safety features on the existing highways.

Alabama is one of twelve states participating in an extensive research project to cut traffic fatalities by installing breakaway signs. Rigid highway signs and their strong supports are frequently the cause of fatalities and high property damage in automobile accidents.

The results were no deaths in any of the accidents and very low property damage. Alabama's participation chance which they may not in the long-range research project will ultimately re-

sult in wide use of the new breakaway signs which give motorists the second chance which they may not have with conventional fixed signs.

Alabama Trade Mission To Europe Planned

Plans are being finalized for a special Alabama Trade Mission to Europe in September.

Its purpose: To sell Alabama products to prospective European buyers and to promote Alabama industry among European businessmen, and thereby establish more extensive direct commercial ties between this state and the countries of Europe.

The trade mission is sponsored by the Alabama Export Council, headquartered in Birmingham, and has the active support and participation of the Alabama State Docks.

Plans call for at least 15 Alabamians to make the trip, which starts September 8 and ends September 29.

Openings for the mission are still available. Any businessman or industrialist who feels he may have a direct interest is invited to join. Inquiries for information should be directed to Gayle Shelton, director of the Birmingham field office of the U. S. Department of Commerce.

The U. S. Department of Commerce, which has given its formal approval to the trade mission and will actively participate in it, will conduct marketing surveys in the various European countries for individual mission members and will also set up arrangements for interviews with European businessmen, industrialists, importers, port officials, bankers, and so on.

The trade mission will travel by jet airliner. The itinerary calls for mission members to leave from Birmingham and Mobile on September 8 for Atlanta, where they will board an airliner for Washington and London, arriving in the latter city on September 9. Other cities and countries on the itinerary are Amsterdam, the Netherlands; Hamburg, Germany; Zurich, Switzerland; and Paris, France.

The closing date for mission members is August 1.
